Titen Screw CFT...

Titen screws are hardened screws for attaching all types of components to concrete and masonry. These fasteners are commonly used in applications such as attaching electrical boxes, light fixtures or window frames into concrete or masonry base materials. The screws are Zinc-plated with a baked-on ceramic coating

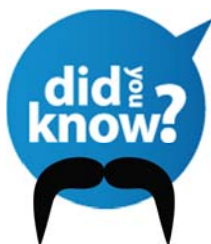

Available in 5mm(3/16) and 6mm(1/4)diameter up to 100mm in Hex Head and Countersunk Phillips.
